Web Development Experience

Team NLS (contract) -- March 2019 - Current

- Developed multiple custom **CMS** for KBI Recycling using **React**, **Redux**, and **Node.js**
- Created and maintained a **NoSQL** database using **Google Firestore** that receives 12 million average weekly reads
- Ensured systems were in place to assist KBI in meeting all state and federal regulations regarding hazardous waste, DOT, and other regulatory bodies
- Led meetings with all departments to ensure needs were met across all levels of the project
- Trained staff (clerical and technical) in the use of the different modules of the application
- Collaborated with company heads and fellow developers to ensure the scalability and longevity of the system
- Managed project through the entire **SDL**

Personal Applications Developed

Component Library -- An extension of Material UI

[LIVE GITHUB](#)

- Extends **Material UI** components to integrate with **Formik** and **yup**

Clicker Imitator -- A virtual tally counter - solo project

[LIVE GITHUB](#)

- Requested by a client to replace their tally counters that did not have all the functionality they required
- Built using **TypeScript** for the purpose of exposing myself to technology I was unfamiliar with

Education

LearningFuze -- Accelerated Web Development Program

Crafton Hills College -- Computer Science

West Coast EMT -- National EMT certification

Technical Skills

• Working Knowledge

Javascript (ES5, ES6), Google Cloud Platform, NoSQL, React, Redux, yup, APIs, HTML5, CSS3, JSON, Firebase, Node.js, Firestore, Material UI, Formik

• Basic Knowledge

Agile Methodology, TypeScript, C#, C++, PHP, Bootstrap, EC2, Adobe Photoshop, React Native, jQuery, Amazon Web Services, Express, MySQL, Jest

• Tools

Debugging (Chrome Dev Tools, Postman), Version Control (Git, Github), Apache, phpMyAdmin, Task tracking (MeisterTask, Trello), JSDoc

Non-technical Work Experience

• ER Technician

2014 - 2018

• Patient Transporter

2013 - 2014

• Non-Emergency Medical Driver

2012 - 2019

Hobbies

• Video games

Currently playing Path of Exile

• Movies with my wife

Seriously missing movie theaters being open
